### Draft Standardized Hazardous Waste Facility Permit And Proposed CEQA Negative Declaration

#### **J&B Enterprises**

1650 Russell Avenue  
Santa Clara, California 99505  
EPA I.D. No. CAD 982052797

The California Environmental Protection Agency, Department of Toxic Substances Control (DTSC), requests comments on a draft Standardized Permit and proposed CEQA Negative Declaration for hazardous waste treatment and storage units at J&B Enterprise's new precious metals recycling facility in Santa Clara, CA. If approved, the permit will allow J&B Enterprises to store and treat hazardous waste from the electronics industry in the form of liquid and solid metal bearing wastes. These materials will be stored and treated in containers and tanks at J&B's facility at 1650 Russell Avenue in Santa Clara.

DTSC has evaluated the potential environmental impact of this project as required by, and in accordance with the California Environmental Quality Act (CEQA). DTSC proposes to issue a Negative Declaration for this project. The proposed Negative Declaration states that pursuant to the CEQA Section 21064, the proposed project would not result in significant adverse impacts to human health and the environment.

The public is invited to comment on the draft Standardized Permit and proposed Negative Declaration during the 45-day public comment period, which starts September 28, 2001 and ends November 16, 2001. At the close of the comment period, DTSC will make final determinations after considering all comments. All those who comment will be notified of the decision and their comments will be responded to. Written comments must be postmarked by November 16, 2001. Mail comments and requests to:
